Headteacher: Mr Jon Williams

“Moving forward... Learning together... Growing in God’s Love.”

School Sports Funding (Sport Premium)

The dedicated primary [PE and Sport Premium](#), which was announced in March 2013 and began the following September, goes directly to primary school head teachers so that they can decide how best to use it to provide sporting activities for pupils.

This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools. Eligible schools funding for schools will be calculated by reference to the number of primary-aged pupils (between the ages of 5 and 11), as recorded in the annual schools census in January 2015. Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Possible uses for the funding might include:

- ✓ Hiring specialist PE teachers or qualified sports coaches to work with primary teachers when teaching PE
- ✓ Supporting and engaging the least active children through new or additional Change4Life clubs paying for professional development opportunities for teachers in PE and sport.
- ✓ Providing cover to release primary teachers for professional development in PE and sport.
- ✓ Running sport competitions, or increasing pupils’ participation in the School Games.
- ✓ Introduce new and unusual sports like fencing, climbing, ultimate frisbee and Danish long-ball to encourage more children to enjoy sport
- ✓ Buying quality assured professional development modules or materials for PE and sport.
- ✓ Providing places for pupils on after school sports clubs and holiday clubs.
- ✓ Pooling the additional funding with that of other local schools.

Schools will be held to account over how they spend their additional, ring-fenced funding. Ofsted will strengthen the coverage of PE and sport within the 'Inspectors Handbook' and supporting guidance so that both schools and inspectors know how sport and PE will be assessed in future as part of the school’s overall provision.

Schools will also be required to include details of their provision of PE and sport on their website, alongside details of their broader curriculum, so that parents can compare sports provision between schools, both within and beyond the school day.

How is Nyewood CE Juniors using the Sports Premium?

The primary objective for the 2015/2016 academic year is to continue to improve the provision of PE and sport.

Nyewood is now into the third year of this funding and we have used it predominately to pay the entry fees for Sporting Competitions and buying resources. Nyewood has entered more events than last year and will continue to do so! We have bought more resources for PE lessons, school kits for Netball and Football and equipment for the playground shed for the children to use at lunchtime.

We are committed to provide Continued Professional Development (CPD) for the teaching staff and have had a Football Association (F.A.) qualified skills coach team teaching P.E. lessons with the class teacher. This has improved teacher knowledge and skill to improve their teaching and delivery of P.E. This coaching is reviewed and evaluated termly.

Other ways the Sports Premium funding is planned to be spent this academic year include:

- ✓ Subsidising the entry fees for competitive sporting events - £800
- ✓ Providing the resources for Healthy Eating Club - £300
- ✓ Buying in coaches to take extracurricular clubs, including table tennis and cricket - £500
- ✓ Paying for a specialist coach to provide a Gymnastics club.
- ✓ Providing opportunities for pupils to engage in intra (in school) and inter (against other schools) sports competitions internally or against other schools in the Felpham and Bognor area.
- ✓ Enabling pupils to attend sporting festivals and competitions by releasing teachers to supervise - £320
- ✓ Monitoring the percentage of pupils that attend a PE or Sporting extracurricular club, festival or competition and ensuring that opportunities are given to all pupils.
- ✓ Working closely with the local Sport Games Organiser to provide pupils the opportunity to participate in larger scale competitions such as the Netball and Football Tournaments and Area Athletics Championships - £1,800
- ✓ Using local secondary schools' expertise and providing pupils who are gifted and talented in sports (Future Flyers) with expert and intensive training.
- ✓ Activity day that Year 6 pupils attend at The Regis School.
- ✓ Establishing strong and sustainable links with local community sports clubs such as Bognor Regis Cricket Club.
- ✓ Releasing staff to attend CPD courses such as The Primary PE Conference and Working towards outstanding PE Lessons to develop further skills and

knowledge. Feedback on these will be given to all staff members so that the impact can be school wide - £1,800

- ✓ Developing the use of Providing Playground Activity Leaders (PAL) and training for midday supervisors to introduce playground games at lunchtimes - £1,500
- ✓ Establishing a shared enjoyment by all for PE and Sports by engaging pupils in whole school sporting events such as the annual Fun Run, Sports Day and other national events such as, Sports Relief and National School Sports Week.
- ✓ Paying a subsidy for transport, pool hire and instruction by qualified coaches for swimming lessons for Years 4 and 6 - £400
- ✓ Working towards achieving the National Kitemark Award by releasing staff to measure the opportunities, involvement, impact and enjoyment of pupils throughout the school year - 320
- ✓ Purchasing school netball kit including track-suits, bibs and netballs, and school cricket kit - £1,675
- ✓ Purchasing PE resources and maintenance and inspection of equipment - £1,230

The impact of the Sport Premium Funding for 2014/2015

Last year the funding was used to help in the provision and delivery of Dance across the school. As a result, the teaching has improved and staff are more confident in this area of P.E.

In addition, the funding was also used to help pay for extracurricular clubs, such as Cricket where a professional coach came into school during curriculum time to team teach a half term of cricket to two Year 3/4 classes, as well as providing an after school club for 30 children.

The Healthy Eating club also benefited from this funding as £500 was provided, with which resources were provided for the weekly cookery club.

Part of the funding was used to ensure all the Year 6 who needed 'Top Up' Swimming sessions, were able to attend in order to meet the National Curriculum requirements.
